Experiences

SKY LAB: Yıldız Technical University Computer Science Club
March 2020 - ...

- I was involved in activities in the field of Web Development. **(A1)**

Advanced Systems and Innovation Laboratories
January 2023 - August 2023

- In an academic setting, I gained experience in Web Development and took on a leadership role in laboratory projects. I effectively conveyed software development principles to students by creating educational materials and methods. By successfully managing projects, I facilitated communication among team members and promoted collaboration. I analyzed the technical requirements in line with the laboratory's educational objectives and improved the quality of education by developing customized solutions. I researched various methods and tools to enhance efficiency and minimize errors in software development processes and taught these methods to students. I contributed to projects by preparing educational materials. To ensure the security and quality of software, I conducted code reviews and tests, teaching students best practices. I facilitated progress tracking of projects by maintaining detailed documentation of relevant stakeholders.
